PORTABLE SOLAR KITS

These kits are perfect as occasional battery chargers or as an additional power source for any rooftop solar kit. Plug & Play connectivity means fast and easy set-up. Includes 12' UV cables and a durable carrying case.

DURALITE 100 Watt DuraLite Portable Solar Kit

Lightweight and easy to use, these portable solar kits are perfect for powering weekend getaways. These kits feature integrated kickstands, rigid plastic handles with built-in USB chargers, and convenient magnetic closures. Starter kits comes with all you'll need to charge your batteries, including a 30-amp charge controller, cables, and an array of connection options.

Expandable up to 300-watts!

Increase the DuraLite kit's charging power by adding an expansion kit. Expansions include a solar panel, MC4 and power-pole connectors for easy coupling.

PORTABLE SOLAR KITS

90, 130, 200 watt

Our Portable Solar Kits allow you to park in the shade while your kit sits in the sun to charge your batteries. These kits are ideal for campers, pop-up trailers and boats and will connect to a SAE-style solar port pre-wired on a RV.

Each kit features adjustable folding legs, 12' of cable, battery clamps, quick connect cable and a heavy duty carrying case.
